Linear Right-of-Way Fee Schedule

Note: Refer to the parent text of this handbook, section 36.4, for direction on use of the fee schedule in special use authorizations for linear rights-of-ways.

Since 1987 the Forest Service and the Bureau of Land Management (BLM) jointly developed and maintained identical Linear Rights-of-Way fee schedules. With the implementation of the updated Fair Market Value schedule required by Section 367 of the Energy Policy Act of 2005 the BLM is responsible for the development and updates to the schedule.

The current Linear Rights-of-Way fee schedule is published on the BLM Homepage on the Internet at <http://www.blm.gov>

The Forest Service maintains a link to the fee schedule on the Special Uses page, in the Fee section, found at http://www.fs.fed.us/specialuses/special_energy.shtml

*The Washington Office, Director of Recreation, Heritage, and Wilderness Resources, updates the revenue brackets annually, based on the Consumer Price Index, (CPI-U), Table A which is published monthly at <http://www.bls.gov>. The CPI is revised and issued annually in section 97.

The bracket update is accomplished by using the change in the CPI-U for "All Urban Consumers" index for the month of July and is based on the percentage increase or decrease for the preceding calendar year. This index base period is 1982-84=100. For example, the 2011 adjustment uses the change between July 2009 and July 2010, "Not Seasonally Adjusted" values.
